March 2020

Dear Parents and Students,

Dorchester Public School is monitoring the developing information related to the spread of COVID-19 (commonly referred to as the coronavirus). We have reviewed our school policies and procedures and are confident that, if needed, we are prepared to respond to any outbreak of communicable disease that may occur. Should this situation interfere with the district's ordinary operations or schedule, you will be notified via PK-12 Notification System, Dorchester website, Dorchester Facebook page, and Dorchester Twitter.

We encourage you visit the Nebraska Department of Health and Human Services website for up-to-date and truthful information. We also recommend that social media not be your only source for information. Our school website (www.dorchesterschool.org) has a page dedicated to sharing information that can be beneficial in answering many questions. Please use this opportunity to remind your students of the importance of getting rest and washing hands, especially during cold and flu season. The key to all of this is prevention.

Sincerely,

Daryl Schruck
Superintendent
