"Our School"

The pursuit of academic excellence,
 The study, the trying;
 The gradual growth of understanding,
 Thought, participation, inspiration;
 Friendships
 The fun of social life;
 The building of personal confidence;
 The thrill of varsity games.
 These and more are in the fibers of
 "Our Dorchester Public School. "
 Here we live, we learn, we work.
 Here we join the continuing search for a better way.
 Here our goals emerge and our reach extends.
 Here amid the diverse, the complex, we mature.
 Here we learn values and measurements.
 And here for you awaits our warm welcome.
 The story of
 "Our School" and Yours.

Just as once our High School Gym held the hopes of a victory, the fear of defeat, the pride of an award, and the disappointment of losing a close election; the 1968 annual accumulates these feelings and presents them to you here.

Dedication

We the graduates of Dorchester High School gratefully dedicate this, our annual, to our parents. Those who with their time, patience and love have guided us through one of the most memorable experiences of life--that of growing up. Each of them has deserved a big thanks for some seventeen or eighteen years. We feel this small show of gratitude has been well-earned and has been most gladly given.

ADMINISTRATION

Superintendent

To The 1968 Graduates:

I wish to take this opportunity to give a few words of praise to an outstanding Senior Class. The class of '68 is one of the most gifted classes I have had the pleasure of associating with in the past eleven years. This fact can be documented by a few of the achievements of the individuals within this group:

1. Over half of the class regularly on the honor roll for the past 4 years.
2. Over half of the class already enrolled in a college or University for the next year.
3. A Nebraska Regents Scholarship Winner.
4. Both girls and boys represented on the All-Conference athletic team.
5. The class well-represented in all school activities.

These are achievements that the entire class may be proud of.

Because this class is so gifted, more will be expected of you. Due to the increasing complexity of our times, you must be better prepared for life than ever before. This group has realized this and began preparing when they entered school, rather than wait until their final year or two.

We are expecting great things of you; please do not disappoint us.

My Best Wishes

Robert W. Cork
Superintendent

Principal

Seniors, I wish to extend congratulations for attaining one of your goals.

In the past, this has been an ultimate goal for everyone, but I am sure you will soon realize that it is only a stepping stone to greater ones.

Remember that hard work never hurt anyone--don't be afraid to do more than what is asked of you.

It has been a pleasure working with you and I wish you all success in whatever endeavor you pursue. Good luck.

--Glen Plettner

We students are proud to have such a wealth of material at our fingertips, most of the thanks going to Mrs. Schultz, who has worked continuously and patiently on improving our library.

Participating in the operations of our library are the students Lynn Rediger, Donna Cejka, Nikki Bruns, LuJean Sysel, Carol Gausman, and Bill Howlett.

Class Prophecy

Picture a scene 10 years from tonight,
When this year's seniors are all out of sight.
The class is scattered to and fro,
What's become of them, we'd all like to know.

Now that we're ready, let us begin,
The first on our list is a girl called Lynn.
Noxema's her product in between shows,
She says "take it off" wherever she goes.

Sid is the star of a Broadway hit,
"The Bashful Lover" is the name of it.

Luann is married - the first of us all,
Her husband's a Marine, and they're having a ball.

Woody's a truant officer and a respectable man,

Advising the students the best that he can.

Ginny's a secretary you just cannot beat,
Perry Mason's her boss - he fired Della Street.

Joan's head of our fitness program and going strong,

With a President like Wallace, she just can't go wrong.

Bobolz was an architect, for women he craves,
He designed a new White House, but is now digging graves.

Shestak's a playboy of international fame,
He's done pretty good playing that kind of game!

Nancy is now serving time in the pen,
For destruction of property she's sure to get ten.

Pat and Carol are each others' double,
They're doing their best to stay out of trouble.
With figures like theirs, it shouldn't be hard -
Pat's got the bones, Carol the lard!

Joyce got her man; Hutch is her mate,
I guess you can't lose with Joyce as the bait.

Brydl's the guy who got tired of hockey,
So, he switched occupations and is now a jockey.

Nikki's new job is that of a bunny,
At the Pleasant Hill Playboy Club she's really a honey.

Donna's a hippie and enjoying her life,
Her next ambition is to become a wife.

Terry is next, last but not least,
It's hard to believe that he's now a priest!

There you have them; you'll have to agree,
A greater class there never will be!

Fellow Seniors, Dr. Sybouts, Rev. Landis, Parents, Faculty, and Friends:

As we seniors depart from here tonight we will be entering into a vast new experience. An experience which will continue for the rest of our lives. And just how rewarding it will be is up to each one of us. We will decide our future by the important steps taken after our graduation tonight. These steps will be in the form of higher education for over 85% of our class. But whether or not we continue our education, we must in some way be preparing ourselves for our future.

In one sense our future could be compared to the title of a song sung earlier tonight - "The Impossible Dream." As the song implied, people are able to dream impossible dreams - but for us no dream need be impossible because we have recognized the importance of four elements through high school. They are expressing desire, learning cooperation, accepting responsibility, and possessing courage.

The first element is **DESIRE**. If we lack the desire to do better or the drive to achieve higher goals, we will never be able to improve ourselves. The desire to win a football game is just as important as the teamwork and ability displayed during the game.

The second important trait is **COOPERATION**. The ability to get along with people is necessary if we are to be accepted socially. If we are not willing to meet people half way - they will not want to meet us at all.

RESPONSIBILITY is the third factor which is essential in success. As we grow older, more and more responsibilities will be placed on us, and we must begin to accept them. We will have to quit relying on our parents and others and learn to depend only on ourselves.

The most important of these four is **COURAGE**. When we fail, we must have the courage to start all over again. One failing grade will hurt us little if we have faith in ourselves, and are willing to try harder next time. Also if we believe in something, we must have the courage to stand up for it even if, in doing so, we stand alone.

We seniors will leave Dorchester High School tonight dreaming dreams; but thanks to the help of our parents, teachers and friends, they will not have to be impossible. We the graduating class of 1968, have learned the importance of desire, cooperation, responsibility, and courage. And with these four weapons, we hope to prove to everyone, that in our fight for success, **NO DREAM IS IMPOSSIBLE**.

Carol Gausman

Salutatorian

Classmates, Dr. Sybouts, Rev. Landis, Faculty, and Friends:

As we, the class of "68", sit here tonight, we realize that we have a long road ahead of us. A road that you, our friends and families have had to travel, or will have to travel in the near future.

We know, too, that this journey through life will not be an easy one; but instead, one of great complications; one of decisions.

I am sure none of us here have ever traveled a road which has had no intersections, no crossroads. Take the interstate for example. Supposedly it is a road of no interruptions; one of a continuous journey to a destination. Yet as you travel the road, you still have the opportunity to change your course, or to make a choice as to continue or to turn off and change your path.

Our road through life that we are now confronting - is built on this same plan. As we proceed to our destination, our goal, we'll have, I am sure, a "road map" to follow. A Map, instead of listing: towns, resorts, highways - will list: our **BELIEFS**, **IDEAS**, **HOPES**. Undoubtedly, we will all have this map with us, so that we'll know what to do or where to go next. Yet our road that we will follow will be like that of interstate; subject to change, and giving us choices as whether to continue on our way or to change courses. I believe we are all aware of this fact - that our future is not entirely set out for us; simple and uncomplicated.

Quite the contrary, it is one of changes, disruptions and oftentimes disappointments. It is an unseen future which challenges us. But we are ready to face these challenges. We don't want to get lost on the way, and we don't want to give up or turn back, no matter how rough the road may be.

Our class motto states - Not the sunset, just the dawning. We have not traveled the length of our road yet. Instead, we are only now beginning our journey. One which is bound to be long and hard; but also a journey which is bound to be pleasant as well as rewarding.

Remedial Reading and Art

Art Class, taught by Mrs. Lawson, was a new and inspirational class added to the grade school curriculum this year. The class was offered to kindergarten through sixth grade. The groups really enjoyed the many art contests in which they participated.

Remedial reading, in its second year, taught by Mrs. Stich, proved to be an interesting and a helpful class. Many grade school students have been aided by this project. By placing an emphasis on being able to read well, Dorchester will be helping these students all through their school years.

The 1967 football season ended with a record of 2 wins and 7 losses. Our victories were over Malcolm and Murdock. The Murdock game was also Fathers' Night. The football boys and their fathers were introduced before the game and the fathers sat in a special section during the game. This was just one of the many highlights of the football year. Everyone is looking forward to the coming season. Many on the team this year were underclassmen and prospects for the future look very promising.

The Longhorns' outstanding football player was Ray Kastanek. Our congratulations to him for being an All-State Honorable Mention.

The D.H.S. Volleyball team had a very eventful year. The final record was 13-6, with four of the losses being in tournament play. The girls placed 2nd in the Cloverleaf Conference Tournament and were in the top eight out of 38 teams in the Hastings Invitational Tournament. The Peru Volleyball Tournament ended the successful season with the team placing, once again, in the top eight.

'King' Larry

Homecoming was extra special this year as a combo called the 'Kaleidoscope' played after the crowning of the royalty. The theme was a Charlie Brown's Homecoming, and the gym was appropriately decorated by the G. A. A. girls. There was only one sad note in the entire evening, and that was that one of the Senior lettermen and candidates was in the hospital suffering from a knee injury.

Junior-Senior Banquet

Sherry - ahoy!!

Sherry - just one of the Sophomore pirates.

The honored Seniors made the Sophomore Pirates walk the plank literally as they served the Juniors and Seniors a most delicious meal prepared by the Junior mothers. The tables were cleverly decorated as were the plates. Among the captive pirates were: Leslie Bruns, Susie Busboom, Sherry Freeouf, Donna Havlat, Kim Johnson, Richard Rardin, Bill Boller, and Doug Stutzman. A big part of the credit for such a fine banquet goes to the Donald Lawson family for all the work they put into it.

"Treasure Island"

Snap, Crackle, Pssss ...

The Juniors erected, with the help of Mr. Beck, an almost too real volcano. It smoked and fizzed and kind of smelled.

The other features were a small brown hut with a myna bird falling off the roof. A treasure chest decorated one corner behind the two Juniors at the right, Marlene Bartek and Kathy Fette (Kathy is the one with the monkey on her head).

Speech Class

This was the third year speech was offered as a subject, but the first year that we had advanced speech with a teacher specifically for the job of teaching the subject.

Oral Interpretation of Drama, "Riders to the Sea," was presented by this group, and received a good rating at the Cloverleaf Conference Contest.

Leslie Bruns received an excellent rating on her selection "The Raven" by E. A. Poe in Interpretive Poetry.

S p e e c h C o n t e s t

Susan Clark received a good rating on her selection "The Cask of Amon-tillado" by E. A. Poe in Oral Interpretation of Prose.

Nancy Semler received a superior rating on her speech in the field of Informative Public Address.

The one-act play, "A Sunny Morning," by Serafin and Joaquin Alvarez Quintero, received an excellent rating. The actors and actresses were Joyce Hrdlicka, Larry Shestak, Sherry Freeouf, and Doug Stutzman. The classical play involved the reunion of two aged lovers who refused to admit their acquaintance because of false pride and dignity.

The Dorchester High speech students felt very lucky to have a most distinguished judge, Mr. Blancke, from Nebraska Wesleyan.

A shy photographer!

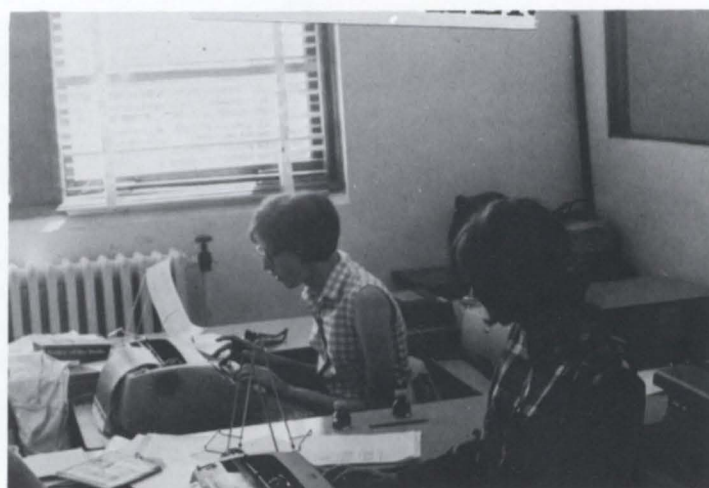

I, Nancy Semler, especially hope you all have enjoyed the 1968 Longhorn. The staff has tried to compile in a few pages, snapshots that will reflect the unforgettable experiences of some 252 days. The entire staff was a great help to me but special recognition, I feel, should be given to our professional photographer, Mr. Rehor, and also to my fine assistant editor, Ginny Spacek, business manager, Luann Divoky, and faithful worker, Nikki Bruns. The responsibility for getting the book organized and re-organized and organized again was given to Mrs. Wilson. We think she is a terrific organizer and a wonderful sponsor to have worked with this past year.

At this time, on behalf of the Annual Staff, we would like to thank the many sponsors of our yearbook. We realize without their support the book in its entirety would be impossible. The following pages list our advertisers.

So to the businessmen of Milford, Crete, Dorchester, and Friend we give a big THANKS!
